

PARKING FOR EARLY PRESCHOOL

DROP OFF: Enter the campus at the 2nd Tyne Blvd. entrance (The main Oak Hill School entrance). You will see a Fire Entrance sign there. Follow the road to the left and use the parking lot near the white awnings. There are 6 designated drop off spots for Early Preschool on the left hand side of the lot, under the Tyne House. They are clearly marked with signs. There is a ramp to access the sidewalk for those of you with strollers. Follow the awnings to the door. Since there are so few designated spots, please enter and drop your children as quickly as possible to free the spots for others. If you need to talk with another parent, or a teacher, please park in an unmarked parking spot. **DO NOT** use this lot for pick up! You will be parked in by the OHS hook up line.

PICK UP: Going NORTH on Franklin Rd. & turn left onto Robertson Academy Rd. Go to the 2nd stop sign and turn left onto Churchwood Rd. Go to the next stop sign and turn left into the FPC entrance. You may park in any spot in the back. However, there are 5 designated spots for Early Preschool which are located off the “hook up loop”. Follow the sidewalk all the way up and thru the covered walkway to the door on the left.

*For obvious reasons, please be extremely cautious in the parking lot. If you have child who does not like their hand held for safety, I would recommend using a stroller. Please **DO NOT** let your child run ahead of you or be unattended for any reason. Also, please allow extra time the first few days to become familiar with the area and procedures.*
